Upon the Verification of adangals, it was found that the ownership of the proposed land is not in the name of the Society.
2. Faculty: Faculty with MFSC and BFSC Qualifications are to be identified.
</td></tr>
<tr><td>2.</td><td>Bellam Konda Educational Society, Prakasam District</td><td>
1. Land: The management was unable produce original land documents for the verification. Further the management has informed that wrong documents were enclosed along with the application by mistake and requested the University for consideration of alternative land. Request letter given by the management in this regard is enclosed herewith for kind consideration of the University. The details of alternative land are as follows:
<table>
<tr><th>S.No.</th><th>Doc.No.</th><th>Name of the Revenue Village</th><th>Sy.No.</th><th>Extent (Acres)</th></tr>

On verification of land documents, ECs, Adangals & physical inspection of the land the following shortfalls are identified:-
a. S.No. 3 & 6 are repeating. The management has informed that Sy. No. 204-4 shown in S.No. 3 is a typing error and it shall be read as The mistake in the document is to be corrected.
b. As per the land documents, the land shown seems to be spread in several small bits in two different revenue villages.
c. During physical verification, the person who is showing</td></tr>
</table>

		the land had shown 4 different non-contiguious land bits. All these bits are facing to a common road and are distributed on both sides of the road. However, the management is claiming that the lands are in two different bits and are connected by a common BT Road. The management is unable to produce combined sketch / map showing contiguity of lands counter signed by on competent authority in support of their claim. d. On verification of village maps, it was found that:- i) Sy. No. 204 of Kalavarayi revenue village and Sy.No. 1 of Piridi revenue village are non-contiguous; Sy. No. 7 & 8 of Piridi revenue village are non contiguous with all other land bits shown by the management. e. On verification of Adangal, it was found that Sy. Nos. 204-2; 204-3; 204-4A; 204-6: 204-7 are in the name of Society. However, land ownership of Sy.Nos.4-5; 3-3; 3-4; 7-1 is in the name of individual (Smt. Bolta Jayasri, the present Secretary & Correspondent) rather than in the name of Society. f. On verification Adangal, it was also found that Sy. No. 8-2 of Piridi revenue is in the name of person (i.e., Reddy Umarani) who does not have any connection with the society. 2. **Identified Faculty and Staff:** In the resume of faculty and staff false information is furnished: -The details are: a. In the resume of K. Shankara Rao, it was mentioned that he did BFSc from NTR CVSc, Gannavaram with a percentage/OGPA of 65.6, while the reality is that NTR CVSc does not offer BFSc course and OGPA of BFSc degree is in 10.0 scale but not in percentage. The same candidate mentioned that he did MFSc from TNFU, Nagipattanam, while the reality is TNFU head quarters are located in Nagapattinam but MFSc courses are not being offered there at present. In the same resume, the candidate has mentioned that he know various techniques in Veterinary Science and worked in LRS, Garividi, Lam Farm, Guntur and Visakha Dairy. The persons with BFSc and MFSc qualifications may not able to perform the above work. Hence the resume seems to be fabricated and contain false information. b. In the resume of M. Srinivasa Rao, it was mentioned that he did BFSc from OUAT, Bhubaneswar from 2010-2015 (5 Years) while the reality is BFSc is a four years course and offered in College of Fisheries, Rangailunda. He further mentioned that he has skills in veterinary field and his objective is to work as veterinarian. Hence the resume seems to be fabricated and contain false information. c. In the resume of N. Sirisha, it was mentioned that she did BFSc from OUAT, Bhubaneswar from 2012-2017 (5 Years), while the reality is BFSc is a four year course offered in College of Fisheries, Rangailunda. Hence the resume seems to be fabricated and contain false information. d. In the resume of N. Purushotham, it was mentioned that he completed Fisheries Diploma in 2017 from Pydha College, Kakinada. The reality is Diploma in

		Fisheries is started by Pydha College from the last year (i.e. 2017-18) only. The first batch of the College is now in 2nd year only and not a single batch is passed out from the institute till the date. Hence the resume seems to be fabricated and contain false information. 3. **MoU**: The management has enclosed a MoU signed on 24.08.2018 between the Society and M/s. Chaitanya Agro Feeds, G. Chodavaram village in which the firm has agreed to:- i) supply all required feed on reasonable rates to the animals, ii) allow students to arrange to training or teach about the feed and iii) arrange any requirement to the students. No MoUs with Aqua Farms, Hatchery and Fish Processing Plants were enclosed by the management in the application. But at the time of physical verification the management has handed over another MoU dated:20.08.2018 with the same firm (Claimed to be a revised MoU) in which it was mentioned that M/s. Chaitanya Agro Feeds, G. Chodavaram has given consent for utilization of i) Aqua Farms, ii) Fish/Shrimp Hatchery, iii) Fish Feed Mill and iv) Fish Processing Plant. The firm seems to be a feed dealer and not likely to have all the mentioned facilities (i.e., i) Aqua Farms, ii) Fish/Shrimp Hatchery, iii) Fish Feed Mill and iv) Fish Processing Plant). Therefore, the MoU seems to be fabricated. **The management has handed over an undertaking for the kind consideration of the University and the same enclosed herewith.**
6.	Vikas Educational Society, Srikakulam District	1. Land: Since the society has already applied mutation of Adangals, it may be accorded affiliation upon production of revised adangals.
